

DUNLAP-RUSSEL INTERESTS ACQUIRE CONTROL OF THE JACKSONVILLE NATIONAL

BIG TRANSACTION PENDING FOR WEEKS IS CONSUMMATED

M. F. Dunlap is President and Andrew Russel Cashier of North Side Institution—Messrs. Strawn, Robertson, Orear and Oakes Sell Holdings and Retire as Officers and Directors—Messrs. M. F. Dunlap, Andrew Russel, R. M. Hockenhuill and O. F. Buffe are New Directors—Merger With Ayers National Bank May Be Sequence.

A financial transaction of very large importance was consummated Wednesday when M. F. Dunlap and Andrew Russel purchased controlling interest in the Jacksonville National bank. The deal which has been pending for several weeks past was not finally completed until yesterday when the controlling interest was delivered.

The transaction was closed between Mr. Dunlap and Mr. Russel on the one hand and Col. John R. Robertson on the other. The shares of stock acquired by the new management represent the holdings of Julius Strawn, Col. John R. Robertson, Thomas B. Orear and Henry Oakes.

Some days prior to the transfer of stock the Jacksonville National management disposed of all real estate holdings other than the banking house property. These realty transfers have left the bank in excellent condition.

New Directors Chosen.

Just what the plans of the new management of the bank are has not yet been made public and it is entirely probable that the plans have not fully been determined. However M. F. Dunlap is now president of the Jacksonville National bank and Andrew Russel cashier. These two with R. M. Hockenhuill and O. F. Buffe are directors of the bank filling the places made vacant by the resignations of Messrs. Strawn, Robertson, Oakes and Orear. Charles B. Graft who has been serving as cashier resigned from that position and was elected a vice-president of the bank and will continue director and is to be active in the business of the institution. Mr. Russel will at once take active charge of the bank representing the new control.

Merger May Follow.

Whether or not the Jacksonville National bank will later on be merged with the Ayers National bank has not been announced and when asked with reference to this matter Mr. Dunlap said that no definite plans had yet been made in this regard. It seems however a safe guess that later on a merger will be consummated for such action from a business point of view would be a natural course of events. The Ayers National bank has all the space and equipment necessary to care for the added business which the merger would mean it would naturally follow that the business could be transacted there at less expense than would be the case if the bank continued to be operated as an entirely separate institution. Such a merger aside from reducing the ordinary expenses of operation would also cut down the investment expenses and the valuable property now occupied by the bank could be used for other purposes.

Would Mean Great Bank.

If the Jacksonville National is finally merged with the Ayers National Jacksonville will have a bank with deposits even on the present showing of the two institutions of two and a quarter millions. There are less than ten cities in Illinois which have banking houses of equal strength and by the way there are no cities in Illinois, outside of Chicago, which excel Jacksonville in bank equipment facilities since the erection of the Ayers National building.

The leading factors in the deal which has just been consummated are as already suggested, Millard F. Dunlap and Andrew Russel and the advances which these men have made during the years forms a very important part of the banking history of this section of the state. Mr. Dunlap started his banking career with the First National bank in this city in 1876. Two years earlier Mr. Russel became identified with the Jacksonville National bank where he had remained for 17 years or until he and Mr. Dunlap formed their partnership and established the banking house of Dunlap, Russel & Company. It so happens therefore that in going back to the active management of the Jacksonville National

bank Mr. Russel is treading upon familiar ground.

The Dunlap & Russel Record.

The banking house of Dunlap Russel & Co., established in 1891, very speedily took rank as one of the best managed and strongest financed institutions down state. Both Mr. Dunlap and Mr. Russel had the ability, foresight and judgment which combined to build up the business in a splendid way. Notwithstanding an unrelenting devotion to business both Mr. Dunlap and Mr. Russel found time for varied outside interests and have been one in adding all movements for the up-building of their home city and county.

Three years ago when announcement was made that Messrs. Dunlap and Russel had secured control of the Ayers National bank the citizens of Jacksonville and of this vicinity generally were again forcibly impressed with the strength and vigor of the business policy which these bankers have pursued. The subsequent announcement of the splendid building to be erected by the Ayers Safety Deposit company primarily to provide a suitable home for the Ayers National bank and incidentally giving Jacksonville one of the very finest banking houses and office buildings in the state was heard with the very greatest interest. The announcement of the building plans and the realization of those plans have meant a vast amount to the business interests of Jacksonville.

Show Faith in Jacksonville.

These men and their associates by this very action gave the strongest possible proof of their interest and faith in Jacksonville and Morgan county. Without such faith and interest they would not have brought about the large investment which the Ayers National bank building today represents. There were, it is true, some overly conservative citizens who thought that the building was ahead of its day and that it was larger and handsomer than the business of Jacksonville justified. The announcement, however, now made that Mr. Dunlap and Mr. Russel have secured control of the Jacksonville National and with the supposition in mind that this control will eventually bring about a merger with the Ayers National will serve to emphasize anew that Mr. Dunlap, Mr. Russel and their associates are men with a broad vision. It will emphasize too that the Ayers National bank building was erected not only for the business which the bank then had, but also for the business yet to be acquired. As one looks back it seems reasonable to suppose that the management of the bank looked forward to a time when it would be feasible and desirable to acquire the business and the added prestige from some other local institution or institutions.

The North Side Bank.

The Jacksonville National bank was established in 1870 and has had a long and honorable business and financial career. Some of the wealthiest property holders of Morgan county and some of the best bankers of Jacksonville has known have been identified with this bank which has long done an extensive and profitable business. If the management should continue the bank permanently in its present location that it is safe to predict customers there will be afforded every possible courtesy of bank management and that an effort will be made to enlarge and to better the service. Should the business be transferred to the Ayers National bank building the enlarged banking facilities there will be at the disposal of the bank patrons.

The changes that have taken place in the personnel of the Jacksonville National officials have been mentioned above and so far as known at this time all other officials and all employees will continue in the same capacities as under the former management.

The Retiring Officials.

Julius Strawn who retires from the presidency of the Jacksonville National has been for many years president and director of the bank. Mr. Strawn has often been referred to as the wealthiest resident of Morgan county, and his large holdings have been so managed through the years, that they have increased and developed in a very satisfactory way. In assisting in directing the policy of the Jacksonville National, Mr. Strawn's natural business acumen sharpened by the passage of years has been of inestimable value. Mr. Strawn has not only had a name for great wealth but he has also come justly into prominence with passing time because of liberal and generous gifts made to local institutions. His large gift to Illinois Woman's college, a year ago, gave an impetus to that campaign which it probably could not have secured from any other source and his ality to the Y. M. C. A. is also well remembered.

Col. John R. Robertson has for two years or more been devoting his time, largely, to his interests outside the bank. In fact he has been away from Jacksonville practically all the time and the growing and increasing demands of his other business interests finally brought the decision that he would retire from the bank and sell the holdings, through which for years he, and his associates have controlled the bank. The Robertson name has long been one of the chief assets of the Jacksonville National and beginning work in the bank while still a very young man Col. Robertson from the first displayed an unusual grasp of the business, an ability which developed through years. His business operations have been by no means confined to those of banking and he has carried on farming and stockraising on a very extensive scale in this and other states. Some years ago he acquired gas and oil properties in Kansas and Oklahoma which have proven of such splendid value that they are now requiring practically his undivided attention.

Judge Thomas B. Orear who retires after a long identity with the institution has been for several decades prominent in the financial and agricultural affairs of Jacksonville and Morgan county. He is a man whose judgment has been held in high regard and his character is of that strong and rugged type which has entitled him to rank as one of the best of Morgan county citizens. Henry Oakes who also retires from the directorate is one of the largest landowners and stockraisers in Morgan and Scott counties. His name has for years furnished added financial strength to the bank and his judgment has been of great aid to the active officers of the bank in the handling of its affairs. Mr. Oakes' interests are so large that it will doubtless be a relief to him to sever the relations which have necessitated visits to Jacksonville which would not have been made except for his banking connections.

SUIT ATTACKS STATE WOMAN SUFFRAGE LAW

CHICAGO TAX PAYER FILES SUIT AGAINST ELECTION COMMISSIONERS

Seeks to Restrain Board From Spending Money For Separate Ballots For Women and to Prohibit Women From Voting Pending a Decision on Law's Constitutionality.

CHICAGO, Dec. 10.—An attack on the woman's suffrage law passed at the last session of the legislature was made in a suit filed against the board of election commissioners by William J. Scown, a taxpayer. The suit asked an injunction to restrain the board from spending money for separate ballots for women and to prohibit women from voting pending a decision on the law's constitutionality.

The suit attacks the constitutionality of the act in permitting women to vote on special questions. Failure of the act to recite in its contents the bills which it is supposed to amend, or all bills relating to the subject of women voting prior to its passage, it also is charged, makes the act unconstitutional.

Attorneys for the various civic and political organizations of women were invited by the election commissioners to aid in the defense of the suit. The board in a statement, declared that every effort would be made to have the suit hurled to the supreme court of the state for a final ruling.

The bill charges that the city would be put to an expense of several hundred thousand dollars for separate ballots and ballot boxes for the women and asserts the law would necessitate the re-districting of nearly all precincts, as the statute now provides that a precinct shall number not more than 300 voters.

FIELDS TAKES STAND IN OWN DEFENSE IN CAIRO TRIAL

CAIRO, Ill., December 10.—Harvey Fields took the stand in his own defense today in his trial for the murder of Dr. E. E. Gordon. He remembered very little about the murder or the events which led up to it, he said, except that he had been told Dr. Gordon had attacked his wife. Attorneys' arguments will be made tomorrow and the case should go to the jury about mid-afternoon.

MRS. ELLA FLAGG YOUNG IS NOT RE-ELECTED BY BOARD

CHICAGO, Dec. 10.—Mrs. Ella Flagg Young for the last four years superintendent of the Chicago schools failed to be re-elected by the board of education today. John D. Shoopp who has been assistant superintendent was chosen in her place.

POLICE SEARCH PAWNSHOPS FOR JEWELRY VALUED AT \$20,000

CHICAGO, Dec. 10.—The police today began the search of pawnshops for jewelry valued at \$20,000 stolen two weeks ago from an express car en route to New York. It was shipped by the Crescent Jewelry company of Memphis, Tenn., to Meskowitz Bros., New York.

REWARDS OF \$1,000 OFFERED FOR CAPTURE OF BANDITS

SPRINGFIELD, Ill., Dec. 10.—Governor Deneen today issued proclamations offering a reward of \$400 for the capture of two bandits who last night murdered John Howard, a bartender, and Theodore Roll, brother to the proprietor of a saloon the robbers attempted to hold up. The city and county have offered rewards making a total of \$1,000.

FORMER GOVERNOR DENEEN REPLIES TO DUNNE'S STATEMENT

CHICAGO, Dec. 10.—Charles S. Deneen, former governor replied today to a statement of Governor Dunne. Deneen cited figures to indicate that there was no actual deficiency of funds in the public treasury to meet the appropriations during his term of office and until July 1, 1913, when the new appropriations were available.

YOUNG DRAMATIST DIES

London, Dec. 10.—Stanley Houghton, one of the prominent young dramatist and author of "Hindle Wakes" died today in Manchester.

TESTIFY FOR STATE AT SCHMIDT TRIAL

PRISONER'S ATTORNEYS SEEK TO SUPPORT CONTENTION OF INSANITY

Anna Hert, friend of Anna Ammuller, States the Latter Told Her That Schmidt Wanted To Marry Leave the Priesthood and Go To Some Far Off Country.

NEW YORK, Dec. 10.—Witnesses who knew Anna Ammuller and others who found portions of her body after Hans Schmidt had cut it and cast it into the Hudson river testified for the state today at the trial of Schmidt for murder. Through all their testimony the former priest sat as if he was a disinterested spectator. His attorneys seized on every point that would support their contention that he is insane. On a table before Schmidt laid the knife and saw with which he had dissected the girl's body; nearly was the stained pillow-slip in which he had wrapped a portion of it before he dropped it into the river from a ferry boat and the stones with which he had weighted it.

To these exhibits for the state he paid no heed. He was unmoved when a stenographer read the confession he made to the police and when a physician told minutely of the manner in which the victim's body had been dissected.

The only expression of interest manifested by him was shown when Anna Hert, friend of the girl Schmidt is charged with slaying, said that Anna Ammuller told her Schmidt wanted to marry her.

Would leave priesthood. "We will get married," Schmidt told the Ammuller girl, according to Miss Hert, "and go to some far off country and I will hang my haddock on a high hook."

By that Miss Hert said Schmidt meant he would leave the priesthood. The witness knew of Schmidt's relations with the Ammuller girl. Anna Ammuller had asked her if she would be God-mother to the child Anna was expecting.

"I told her maybe," the witness said. "I never met Schmidt but Anna used to tell me about him. She called him 'the baron.'"

Schmidt told the police in his confession that he had married Anna Ammuller, acting as both bridegroom and priest. The witness knew nothing of this so-called ceremony.

OFFICERS WILL ATTEMPT TO CUT OFF WATER SUPPLY IN MINE

Posse Will Be Sent Into Mine Occupied by Lopez and Another Underground Battle Is Expected.

Bingham, Utah, December 10.—Losing their faith in their ability to starve him out quickly and having failed to smoke him out, the sheriffs trying to capture Ralph Lopez, slayer of six men, decided tonight to attempt to cut off his water supply in the Utah-Apex mine.

With this plan in view a posse will be sent into the mine within the next few hours and another underground battle such as occurred on November 29th, when two deputies were killed was thought probable. The sheriffs intend to string wires through the tunnels and illuminate with searchlights the two places where water may be obtained in the mine, leaving guards stationed in the darkness.

Although the search of the underground workings was discontinued Monday for fear of sacrificing more lives, the sheriffs decided that to cut off his water supply would be worth risking another encounter with the deadly gunman.

Lopez took refuge in the mine on Nov. 27th, after killing a miner and three peace officers on November 21st.

MAY HAVE SERVED TIME FOR CRIME OF WHICH THEY ARE INNOCENT

CHICAGO, Dec. 10.—Charles Kurth and Thomas McNally have served nearly a score of years in the state penitentiary for a crime of which they were innocent, according to a plea made by the men which may result in a pardon for them before Christmas.

They were sentenced for the killing of James and Peter Prunty, father and son, shot at their home by some robbers in 1893. Evidence against Kurth and McNally rested on identifications, which, it is said, have since been repudiated or discredited.

CHICAGO WILL NOT MEET HARVARD ELEVEN NEXT FALL

CHICAGO, Dec. 10.—The University of Chicago, through its board of physical culture and athletics today declined to meet Harvard in a football game next fall. The board expressed appreciation at the invitation for a game at Cambridge but decided that it was not advisable to schedule games with teams outside the "big nine."

RITCHIE-MURPHY FRISCO BOUT IS CALLED OFF

SAN FRANCISCO, Cal., Dec. 10.—A nasal abscess which necessitated an operation today on Willie Ritchie, lightweight champion, resulted in calling off the scheduled 20-round fight tonight between Ritchie and Harlem Tommy Murphy.

WANT ORDER RESTORED IN COPPER STRIKE ZONE

CALUMET CITIZENS' ALLIANCE HOLDS MEETINGS AND PARADE

Strikers Keep in Back Ground and No Trouble is Experienced at Calumet or Houghton—Resolutions Have Failed in Duty and Lawlessness Has Gone Unpunished.

CALUMET, Mich., Dec. 10.—About 1,000 persons participated in demonstrations today at Calumet and Houghton for the restoration of order in the copper strike district. The parades and meeting were under the auspices of the Citizens' Alliance, an organization which has law enforcement for its object. Strikers were requested by William Moyer, president of the Western Federation of Miners to keep in the back ground and no trouble occurred at Calumet and Houghton. At the Quincy mine strikers attacked deputy sheriffs while a division of the Houghton parade was forming and three of the officers were wounded.

Resolutions adopted at the mass meetings asserted the civil authorities have failed in the performance of their duties and that lawlessness has gone unpunished.

The circuit court was charged by the resolutions as having failed in its functions as a protector of public welfare. The demand was made that the court take such action as will convince the community that crime can be adequately punished. The justice of peace courts were assailed for alleged inadequate punishment and inadequate bail. The resolutions insist on the speedy indictment of officers, organizers and members of the Western Federation of Miners who may be found to have committed or abetted crime. Declaring the record of the federation is one of bloodshed and that it is responsible for lawlessness the resolutions insist the organization can have no place in the community and must be eliminated.

DEFER SETTLEMENT OF ALL LEAGUE PROBLEMS

Club Owners Decide to Await Views of Their Newly Elected President, Governor Tener.

NEW YORK, Dec. 10.—The National league baseball club owners in annual session here deferred settlement of any of the problems facing them today until they could learn the views of their newly elected president, Gov. J. K. Tener, of Pennsylvania, whose address on the occasion of his installation early this afternoon contained an assurance that he would work to put the national game on a higher plane than ever. Chief among the issues the league faces is the seventeen demands of the baseball players' fraternity.

This matter, it is expected, will come up in executive session tomorrow. After the formal ceremony of inducting governor Tener into the presidency the magnates adjourned until tomorrow morning.

GOV. DUNNE OPPOSES TEACHING OF SEX HYGIENE IN PUBLIC SCHOOLS

SPRINGFIELD, Ill., Dec. 10.—Gov. Edward F. Dunne is unqualifiedly opposed to the teaching of sex hygiene and eugenics in the public schools. A letter written by the governor to President Edmund J. James, of the University of Illinois two months ago and which has just become public, leaves no doubt as to the position taken by the Illinois executive.

DISCUSS REORGANIZATION OF ILLINOIS NATIONAL GUARD

SPRINGFIELD, Ill., Dec. 10.—The reorganization of the Illinois National Guard as ordered by the war department, was discussed by Governor Dunne with Adjutant General Dickson today. The division will be abolished but most of the officers of the division will be provided for on the administrative staff, which will be enlarged. There will be no change in the number of brigades.

BURNING OIL TIES UP TRAFFIC ON TWO KANSAS RAILROADS

PAOLI, Kansas, Dec. 10.—Burning oil which flowed down a ravine near here tonight destroyed a bridge on the Missouri, Kansas & Texas railroad, damaged one on the Missouri Pacific and tied up trains here on both railroads. The oil came from a breaking in sixteen inch flow line and thousands of barrels of oil escaped before the flow was shut off. It was estimated that 25,000 barrels of oil was in the ravine when it caught fire tonight. At midnight it still was burning fiercely.

MAY INDUCE HUERTA TO NEGOTIATE WITH GENERAL CARRANZA

Efforts Are Being Made to Negotiate Armistice Pending an Election

HUERTA MUST WITHDRAW

It Is Doubtful If Constitutionalists Would Participate in an Election With Gen. Huerta

TAMPICO ATTACK IS FEINT?

WASHINGTON, Dec. 10.—Reports from Mexico City that efforts were being made by an element in the provisional government to induce General Huerta to negotiate an armistice with General Carranza, the constitutionalist leader, pending an election, revived interest considerably here tonight in the Mexican situation. There was a disposition in official quarters to doubt whether an election could be held in which the constitutionalists would agree to participate unless General Huerta withdrew from all connection with the government at the Mexican capital. This previously had been made plain to the United States government as one of the things which the constitutionalists would insist upon before they laid down their arms.

Adds to Anxiety.

The attack on Tampico by the rebels added today to the anxiety of the Washington administration about foreigners and their interests. The report that the rebel general had advised the removal of foreign residents added gravity to the situation. Officially it was stated that the nullification by the Mexican congress of the last elections and the confirmation of Huerta's assumption of the provisional presidency would not alter the policy of the Washington government in its determination not to recognize the Huerta regime.

Attack May Be Feint.

Vera Cruz, Mex., Dec. 10.—The attack on Tampico began shortly before noon today. The rebels were advancing on the city from various points. The United States battleship Louisiana has been ordered to Tampico and is leaving Vera Cruz tonight.

Up to a late hour tonight no details of the attack on Tampico had been received and it was considered probable that the rebel advance on the city was in the nature of a feint.

Conservative Element Busy.

Mexico City, Dec. 10.—Tentative efforts were made today by the conservative element in the Mexican government to induce provisional President Venustiano Carranza would be willing to cease fighting for the purpose of holding an election at which the constitutionalist leader would be a candidate for the presidency of the republic or would name his choice for that office.

To Enforce Prohibition Law.

Juarez, Dec. 10.—The Mexican military commander at Juarez today issued an order imposing a penalty of death on any one who violated or attempted to violate the prohibition law. The penalty applies as well to those who attempt to purchase liquor as those who sell it.

Troop Train Dynamited.

Mexico City, Dec. 10.—A troop train is reported to have been dynamited north of Monterey and the loss of life is said to be heavy. The train was on its way to Nuevo Laredo to reinforce the garrison there.

Indians Are Recruited.

Hermosillo, Sonora, Dec. 10.—Between 1,500 and 2,000 Yaqui Indians were recruited today into the constitutionalist army. The warriors, who had been passive until three of their chiefs decided to assist in the revolution are expected to be of great value in the projected campaigns against Guayamas and Mazatlan, the only two points on the northwest coast retained by the central government.

O'Shaughnessy to Investigate.

Mexico City, Dec. 10.—The American Charge d'affaires Nelson O'Shaughnessy recently notified Washington that the property of foreign residents in the state of Sinaloa was in imminent danger of confiscation by the federal authorities as a war measure. O'Shaughnessy has received instructions to investigate the constitutionality of the act and if he finds that it is not sanctioned by law to register a protest with the Mexican government.

NEW HAVEN STOCK LOW; WILL PAY NO DIVIDENDS

NEW YORK, Dec. 10.—After an unbroken record of forty years as a dividend payer, the New York, New Haven & Hartford railroad has finally been forced to the necessity of suspending further disbursements on its \$57,000,000 of stock. A new low record for the stock was made on the local exchange today when it fell to 71 1/2 or less than one third of its quoted price a few years ago.

SMALL FIRE WEDNESDAY.

Wednesday morning the fire department was called to the residence of George Kiel, 857 North Church, which is owned by Walter Simpson. The house had caught fire in a peculiar manner, presumably from a spark from the flue. When the department arrived the fire was burning at the eaves of the roof on both sides of the house. The flames were extinguished with a Babcock fire extinguisher and the damage was slight.

The young ladies of the Elite club gathered Tuesday for a pleasant evening with Miss Amanda Schilder, man of 333 East Wolcott street. After a delightful season of music and social converse refreshments were served of exquisite delicacy.

The East Side Tuesday club met yesterday with Mrs. D. E. Kennedy, 1235 West Lafayette avenue. The papers of the afternoon were by Mrs. George Hooking who spoke on "The Influence of the Bible on Other Literature" and a paper by Mrs. Matthew Miller on "The Book of Esther." The two papers were the best that have been heard in the club for a long time and many words of praise were heard because of their excellence. A social hour following the program and the hostess served suitable refreshments.

The mid-winter picnic of the club will be held in two weeks at the home of Mrs. W. S. Badger.

The Ladies Aid society of the Catholic church met Wednesday afternoon at the home of Mrs. Cornelius Harrison on North Prairie street. After the usual business hour a social time was enjoyed and games played. Prizes were won by Mrs. Kate Leonard and Mrs. John Merriam. The next meeting will be held Dec. 20, at the home of Mrs. A. Pieper, 451 East College avenue from 2 till 5.

A new club, organized for the study of modern dances, gave its first entertainment last night at the Colonial Inn, in the form of a musical dance. The guests of honor was Baroness Irigard von Rottenthal formerly of Vienna, who is a noted interpretative dancer, having appeared with the Thomas Orchestra of Chicago, the Metropolitan Opera Orchestra of New York, and in many European capitals.

Mrs. George Orear shared the musical program with the Baroness, who, in private life is now Mrs. Glenn Marston. Mrs. Orear sang a number of new and classical songs admirably suited to the lyrical quality of her voice. The Baroness first appeared in a silver and pink costume, carrying a great blue veil of pale shades. Other dances were an old Vienna love waltz, and one entitled the "Goldfish" in a golden costume completely covered with tiny iridescent scales.

The truth is that only a very few of the company knew anything about Mrs. Marston's art until after they with glowing interest watched her dances. They had been told that the guest of honor was very clever in costume dances but they were by no means prepared for the brilliant and highly artistic dancing which the Baroness gave. Her program covered a wide range of artistic studies and was received with the greatest enthusiasm.

The rest of the evening was taken up with dancing by the members of the club and their guests. Among those present were Mr. and Mrs. Glenn Marston, Mr. and Mrs. George Orear, Mr. and Mrs. Harrison King, Mr. and Mrs. W. B. Miser, Mr. and Mrs. Alden Brown, Messrs. W. E. Ayers, Byron Graff, Marcy W. Osborne, J. A. Haley, Dr. A. M. King, John B. Swayne and Chester Wilcox of Quincy, Misses Martha Hayden, Eleanor Capps, Lillian Davis, and Edith J. Jordan.

Marie Quinn With Fiske O'Hara, Playing "In Old Dublin."

"In Old Dublin" is the title of the play that will be presented to local theatre goers Friday, December 12 at the Grand by that most popular of all singing stars, Fiske O'Hara. The play which is from the pen of Augustus Pitou, the dramatist who furnished Scanlon and Oleott with their very best plays is a romantic drama depicting in a vivid manner the life of the sporting gentry of Ireland back in the early part of the last century.

PROMINENT VISITORS ON COMMERCIAL CLUB DAY

Railroad Officials and Men of Position From Nearby Cities to be Present—John Z. White to Speak at Luncheon.

Many prominent officials of the railroads passing through Jacksonville and representative business men from nearby cities will be guests of the Chamber of Commerce Friday, Commercial club day. Vice President Ramsey of the C. P. & St. L., was expected to arrive in the city last evening. Superintendent Frederic and Superintendent of Motive Power branch of the C. P. & St. L. came over from Springfield yesterday in a special car and attended the Made-in-Jacksonville show. They were shown the exhibits by George W. Ingund of the car shops and representatives of the C. & A. Both freight and passenger department officers will be represented among the railroad men Friday.

John Z. White, a brilliant and able speaker, will make the chief address at the dinner which will be held at the Dunlap house at 6:15. The dinner will be over in time to permit everyone to take in the industrial show on South Main street.

Those intending to go should place their reservations in the hands of the secretary by noon today. The price of the plates will be 50 cents.

TEN MEN INDICTED CHARGED WITH USING MAILS TO DEFRAUD

KANSAS CITY, Dec. 10.—Ten men formerly connected with the defunct American Union Trust company of this city were indicted today on a charge of using the mails to defraud. The savings of nearly 3,000 persons, mostly of limited means, were involved in the failure of the trust company two years ago, shortly after it had absorbed the All-night and Day Bank of Kansas City.

TODAY

The greatest show ever put before the American people. A 3-act comedy feature. We have something to crow about in this feature we are going to give you today. Come and see our show and we will make you cackle.

OUR NEW MINISTER

Adapted from the famous rural drama, Featuring Joseph Conyers in his original role "Darius Startle," the village constable, in the great rural drama by Denman Thompson and George Ryer.

CAST OF CHARACTERS.

Darius Startle, the village constable Joseph Conyers
Lem Ransom, the village drunkard Thomas McGrath
Nance, his daughter Alice Joyce
Thaddeus Strong, the new minister Tom Moore
Hannibal Chapman, an unscrupulous lawyer Henry Hallam
Mary, the minister's sister Mary Moore
Jack Frazier, a convict Richard Bartlett
Dorcas Tattlebe, the village gossip Helen Lindroth

Three million people have laughed at the antics of Joseph Conyers, in his inimitable characterization of "Darius Startle," in this homely rural drama by Denman Thompson and George Ryer. In the many years it was presented upon the stage, "Our New Minister," was shown in every State of the Union. The motion picture version of this great play tells the story with a vividness and a realism not possible in the stage performance. In addition to Mr. Conyers, Thomas McGrath, the original "Lem Ransom," the village drunkard, appears in this great feature picture.

We are going to give to our patrons a real treat. "Our New Minister" is the greatest thing you ever saw. Don't miss it. Bring the children.

Other Pictures to be Shown Are

OVER 500 BIRDS AT FREE POULTRY SHOW**SIXTY-SIX FANCIERS TAKE PART IN EXHIBITION.**

Many Growers From Out of the City—Judge Heyl and Judge Landis Begin Work This Morning—Attendance at Show Good.

The entry of over five hundred birds by sixty-six poultry raisers Wednesday assures the success of the 1913 show of the Morgan county association and indicates the interest being shown in this and adjoining counties in the breeding of fancy poultry. A notable feature of the show is the number of out of town exhibitors present, many varieties being represented better in the entries of growers from without than from within Morgan county.

George A. Heyl of Washington, Ill., will judge the show with the exception of white leghorns which will be scored by I. N. Ingalls of Latham, Logan county. The work of scoring will begin this morning and will probably be completed by Friday evening.

HOUSEWIVES

Do you know that W. D. Cody sells the best and highest quality flour in Jacksonville and that the name of that flour is

Zephyr! Zephyr!

To prove this statement we point to the record made at the state fair baking contest in Springfield. The winners in this bread show were:

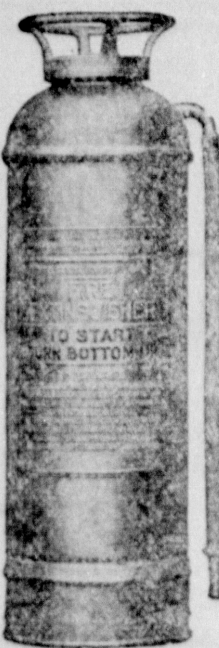

First Prize (sweepstakes) Mrs. A. A. Johnson, 1313 South 10th St., Springfield.

Second Prize (sweepstakes) Mrs. C. H. ones, 110 Bond ave. Springfield. Zephyr flour thus won both first and second prizes over bread from twenty other brands of flour. The loaves displayed were baked from twenty-two brands in addition to Zephyr, some of the best known and most advertised brands on the market today like Seal of Minnesota, Gold Medal, Pillsbury, Ceresota, Occident, Aristos and Snow White. It was easily shown that Zephyr flour had no equal among them.

Why not pay cash and get the highest quality flour here at a saving of 25 cents to 45 cents per sack.

THE JACKSONVILLE JOURNAL
 Established 1843
 Published by
 JACKSONVILLE JOURNAL CO.

The question of the franchises has no possible connection with the present issue of bonds. The claim that three per cent on the gross business of the local plant will be given in exchange for franchises is rather far-fetched at the present time for that reason.

"We are in business to make money," says the Railway & Light Co. The way to make money sure is to shut out, if possible, all chance of competition. They can be aided in that avowed purpose by a vote against the bonds to maintain the municipal light plant. The question is solely whether you care to help yourselves or aid the company, in giving them full control of the entire field.

"Successful municipal ownership of water and light plants with low rates for manufacturers will be the best advertisement the city can have. It will draw industries and make Springfield greater," is the plea in that city. Does it not apply to Jacksonville as well? Maintain our own plant and be prepared to protect the interests of the entire city.

A TRANSFORMATION.
 "Every customer we have come to us because he cannot get light, heat or transportation from anybody else as satisfactorily or as cheaply as he can get it from us," says the Jacksonville Railway & Light Co. "Our business success depends upon giving better service for less money."

And this will be true to a still greater extent in the future if we fail to endorse the bonds to maintain the municipal plant. That is true that you could "not get light or heat from any one else," because no one else had it to sell. Why has the company just discovered that "business success depends upon giving better service for less money?" Has the possibility of competition by the city opened their eyes. The company has been in business here many years—and it is so sudden.

A GREAT SAVING.
 Commissioner Brennan gives figures to show that the cost of street lighting and power for the pumps would cost \$22,886.32, as against \$27,000 if contract is made with the local company, or a saving to the city of \$4,113.68 per year, or of \$45,250.15. This looks like good business for the city.

FIGURES ARE SECONDARY
 The figures on the local lighting situation presented by Prof. Bryant of the University of Illinois are interesting as figures of a hired expert and of value as they are considered in connection with all local conditions. The figures on the situation given by Dr. Edward Rowe are also interesting and worthy of serious consideration. Mr. Brennan has carefully compiled figures which must convince the unprejudiced that a properly equipped municipal plant, properly operated, means dollar saving to the city in comparison with the offers made by the local utility company to do the city lighting.

But as a matter of fact none of the figures make clear or present the real issue, the important factor in the present campaign. That question is, shall Jacksonville surrender a municipal plant privilege which because of new state legislation has a value which never was attributable to it in former years? The figures referred to are interesting, we repeat, but in considering them, do not lose sight of this "paramount issue" of whether Jacksonville shall keep her own plant with its enhanced value, or place itself wholly in the power of one utility corporation.

The Jacksonville Railway & Light company is openly and avowedly anxious to take over the city lighting business because it can do that lighting business profitably. But there is another reason for that anxiety, a far more important reason than the mere profit from the street lighting contract. That reason is, that the very minute the city signs a contract to secure its light from the utility company, that minute the prospect of competition from the municipal plant is throttled and put beyond the range of possibility for at least years to come. The Journal does not mean to say, or be understood, that a municipal plant should, at this time, be planned for the purpose of going into commercial lighting on an extensive scale, but it does maintain that a municipal plant, with an equipment which will enable it to do some commercial lighting and possessing the right to do more commercial lighting, will be a constant means of defence in the hands of the people against any inadequate

service or improper charges in coming days.

The present management of the local utility company is characterized by marked courtesy and a disposition to give ear to grievances, real or imagined. But who knows what the future holds in the way of management? The present official representative of the company has been here a few months. He has adapted himself to local conditions with marvelous rapidity and today is probably acquainted with more Jacksonville people than are many resident here for years. But isn't it possible that this courteous and efficient superintendent, if he succeeds in lining up the local situation just as the company wants it; succeeds in covering all the business and making it safe and secure, that the company will have all the business for years to come; doesn't it seem possible, yes, probable, we say, that this superintendent would be given the reward his services should merit from a company standpoint and be transferred to larger fields of usefulness? His successor in office might not have that "sunny" disposition.

The Burlington Post is authority for the statement that the city of Hannibal because of the ownership of its municipal plant is now selling power to factories at 1.7c per K. W. This fact the Post says is causing business to grow in Hannibal while St. Louis and Louisiana, customers of the Keokuk Dam Power Co., are offering current at 6 and 6½c per K. W.

AND THIS IS THE WAY IT WORKS

A utility corporation which owns the White Hall plant furnishes are lamps to the city at \$60 a year per lamp. Thirty-two candle power incandescent lamps are furnished at \$18 per year, the lighting being done on a mid-night schedule. White Hall has a population of 2,854.

The same corporation has wires which run from the White Hall plant to Winchester and in that town, with a population of 1,639, one are of 1,200 candlepower is furnished free and 146 series Tungsten 40 watt lamps at \$12.75 per lamp per year. Note that the same company is furnishing lights in both of these places and that in the smaller city with the lesser consumption the price is lower than in the larger. The reason lies in the fact that Winchester has a plant of its own.

ORIGIN OF MELODY DIXIE DISPUTED BY MANY

POPULAR BALLAD PRODUCT OF NEW YORK, NOT OF SOUTH.

Contention That the Song was Born on Manhattan Island Vigorously Disputed—History, However, Supports Father Knickerbocker in His Claims for the Honor.

No little interest has been aroused all over the United States of late as to the origin of the popular melody, "Dixie," which we so often hear played by bands and orchestras in our public places.

"Dixie" is an imaginary place somewhere in the southern states, celebrated in a popular negro melody is a perfect paradise of luxurious ease and enjoyment. The term is often used as a collective designation of the southern states. It is a pity to spoil a pretty illusion, but the real truth is that "Dixie" is an indigenous northern negro refrain as common to the writer as the lamp-posts in New York were in his boyhood days.

Illusion of the Small Boy. It was one of the every day illusions of boys in New York over 100 years ago in all of their outdoor sports. And no one ever heard of "Dixie Land" being other than Manhattan Island until recently, when it has been erroneously supposed to refer to the south from its connection with pathetic negro allegory.

When slavery existed in New York one Dixie owned a large tract of land on Manhattan island and a large number of slaves. The increase of the slaves and the increase of the abolition sentiment caused the emigration of the slaves to more thorough and secure slave sections, and the negroes who were thus sent off (many being born there) naturally looked back to their old home where they had lived in clover with feelings of regret, as they could not imagine any place like Dixie's. Hence it became synonymous with an ideal locality, combining ease, comfort and material happiness of every description.

In those days negro singing and minstrelsy were in their infancy, and any subject that could be wrought into a ballad was eagerly picked up. This was the case with "Dixie." It originated in New York and assumed the proportions of a song there. In its travels it has been enlarged and gathered moss. It has picked up a note here and there; a "chorus" has been added to it and from an indistinct chant of two or three notes it has become an elaborate melody. But the fact that it is not a southern song cannot be rubbed out. The fallacy is so popular to the contrary that the writer a few years ago while in New York at the time of the razing of the old Hall of Records, at great pains, searched the sea and yellow records in that famous old pile of sandstone. Among the records was an old program used in Mechanics Hall, 472 Broadway, upon the birth of minstrelsy on Nov. 16, 1794. "Dixie" was the headline in the program, and was a little of six lines.

Claimed By Dan Emmett. "Dixie" was sprung upon the audience that evening for the first time in a public hall, and it was advertised as an "honor" to Dixie, the kind-hearted slave owner of Manhattan Island of that period. In the speeches attending the birth of minstrelsy upon this occasion Dixie's treatment of his negro slaves was gone into in every detail. It was said his kindness toward them was such that it caused them to regard Dixie's plantation as little short of

an earthly paradise, and when any of his slaves were taken from their old home they were always pining for "Dixie" and singing and talking of its joys.

When slavery moved southward the same ideal of Dixie was taken along, and in the course of time, its origin being forgotten, it was applied to the southern home of the negroes.

During the first year of the war of the rebellion Dan Emmett, then with Bryant's minstrels, adapted a parody entitled "Dixie," and used it as a "walk-around." It was a hit and immediately became popular with traveling bands of minstrels; but it was a pure steal of the moss-covered Manhattan Island refrain of a generation before Dan Emmett's time. Daniel Decatur Emmett was born at Mount Vernon, Ohio, in 1815, and died there in June, 1904. And "Dixie Land" (afterwards becoming "Dixie's Land") was produced in about the same spot in New York where Emmett launched his walk-around, "Dixie," in 1794, twenty-one years before Dan was born.

George Wilson of the ancient Barlow and Wilson minstrels, used "Dixie" as an encore to his famous specialty, "Waltz Me Again." Milt Barlow also used it as an encore to his "Ole Black Joe." And to go back a decade before their time, Billy Emerson (William Redmond) used it as a second string to his renowned, "I am as happy as a Big Sunflower That Nods and Bends in the Breezes."

AMERICAN NATIONAL RED CROSS
Washington, Dec. 10.—The 13th annual meeting of the American National Red Cross was held here today at the New Willard hotel. Vice President Robert W. de Forest of the national organization called the meeting to order and presided at the morning session. At 1 o'clock luncheon was served to the audience. The afternoon session, at which President Wilson, ex-officio president of the National Red Cross, occupied the chair, was opened with the presentation of medals and certificates. Then followed a number of addresses by notable speakers, among them Governor Cox of Ohio, on emergency relief measures in the Ohio flood; William B. Wilson, secretary of labor, in Red Cross work; Aid among miners; Mrs. Whitelaw Reid on town and country nursing; Dr. Livingston Farrand, on the Red Cross Christmas seal, and Mrs. Wm. K. Draper, in the Volturno disaster. The program for the evening includes a reception at the family residence of Miss Mabel T. Boardman.

CROP YIELDS IN OTHER COUNTRIES

Universal Decline Except Where Plant Food Is Returned—What Will Illinois Do?

Russia's wheat yield for 20 years has averaged only 8 1/2 bushels per acre, with the ground lying fallow every third year and a famine every five years.

The average farm lands of New England, New York, Virginia, and other eastern states have markedly decreased in productive power and value. Thousands of acres within 100 miles of Washington, D. C., once worth \$50 to \$75 an acre, are now abandoned for agriculture. The acre frequently spends \$2 to \$20 per acre for plant food to keep up its soils.

Wheat in England averages 32 bushels per acre, but England imports four times as much wheat as she produces. English farmers use several hundred thousand tons of commercial plant food annually.

Keeping Plant Food at Home. Belgium imports five times as much wheat as she produces and quantities of corn and oil cake.

Germany consumes nearly twice as much wheat as she produces and imports corn and a billion pounds of oil cake. While she exports principally two billion pounds of sugar, containing no plant food of value.

Denmark imports more wheat than she produces, besides corn and 800,000,000 pounds of oil cake, and exports principally 175,000,000 pounds of butter, containing practically no plant food.

These countries that feed practically all they raise and buy in addition large quantities of fertilizers and other food stuffs from which to produce still larger amounts of nature, can thus make their soils richer than ever before, but the great agricultural areas of the United States are being steadily depleted.

Why Our Corn Yield Is Increased.

Improvement in seed, cultivation and crop rotation and the addition of 2,000,000 acres of richest black soil have increased the average yield of corn in Illinois, but some portions of the 7,000,000 acres of older corn land are now producing smaller crops.

Plain Warning for Corn Belt.

If we repeat in the great corn belt the history of land ruin in Palestine, in southern Europe, in Russia and in the eastern United States, where shall our children go for bread? After the land is impoverished it is too late to invest in soil improvement. Poverty is helpless. Illinois can not afford to wait 25 or 50 years before adopting permanent systems of soil improvement.

If we are to maintain the fertility of our lands we must apply limestone and phosphate where needed to grow legumes and we must plow under the legumes to feed the grain crops. This is the Illinois system for not only maintaining fertility, but for increasing it indefinitely.—H. A. McKeene, Secretary, Illinois Farmers' Institute.

Mr. Fennessey of Litchfield, traveling salesman for the Litchfield Grocery house, was in Concord Friday transacting business.

FROM MR. MISER.

Editor Journal:
I was much surprised to find the unqualified announcement in your paper yesterday that the light rates would be reduced on or about the first of January, regardless of whether or the bond issue is defeated or carried. This is not the case.

The rates will not be reduced at that time unless the city makes a contract with our company for street lighting for the very good reason that we cannot afford to make such a reduction unless our load conditions are greatly improved, and we see no way of improving them sufficiently except through securing the city light and power contract.

Such a contract will be of great benefit, both to the people of Jacksonville and to the company. We do not deny that we expect the street lighting contract to be profitable to us, but we are certain that the city cannot do lighting by a municipal plant as economically as we can do it, and we are further offering to share the profits from the street lighting contract with our customers.

IOWA BEEKEEPERS IN SESSION.

MISS MOORE'S RECITAL.

The Springfield Register said: A splendid program was given yesterday afternoon at the Springfield Conservatory of Music by Miss Emily Ansell Moore, soprano, with Mary Berdan Tiffany at the piano, assisted by Alice Claypoole Jefferson, pianist, and Nellie A. Stebbles, reader.

Miss Moore's home is in Jacksonville and this is her first season with the Conservatory. Her versatility is remarkable, her phrasing tasteful and her enunciation so good that one has the double enjoyment of the words and the music.

In the Alma from Odysseus her voice was put to a severe test in the sustained tones, and it rang true in every note.

Mrs. Tiffany was a most sympathetic accompanist and her phrasing was in perfect harmony with the singer whose personality, like that of her charming accompanist, made the harmony more delightful. Miss Moore has taught hitherto in the south, but prefers to be nearer home.

The program included:

Aria from Odysseus, "Penelope at the Loom" Bruch
Prelude in B Chopin
Arabesque Op. 18 Schumann
Gondoliera from "Annee's de Pelerinage" Liszt
Allerseelen Strauss
In Stiller Nacht Brahms
Wiedmung Schumann

TO REWARD YOUNG FARMERS.

Washington, Dec. 10.—Champion young agriculturists from many sections of the country are to arrive in the capital tomorrow to receive from Secretary Houston of the department of agriculture diplomas for excellence in their work. Those who will receive prizes include representatives of the girls' and boys' corn clubs of the south and of the potato, corn and canning clubs of the northern and western states. Champion "potato boys" are also to be here from Michigan, Iowa, Utah, Massachusetts and Ohio, together with champion boy sugar growers from Colorado and several other states.

Best 30c coffee, Claus'.

Why is the soda cracker today such a universal food?

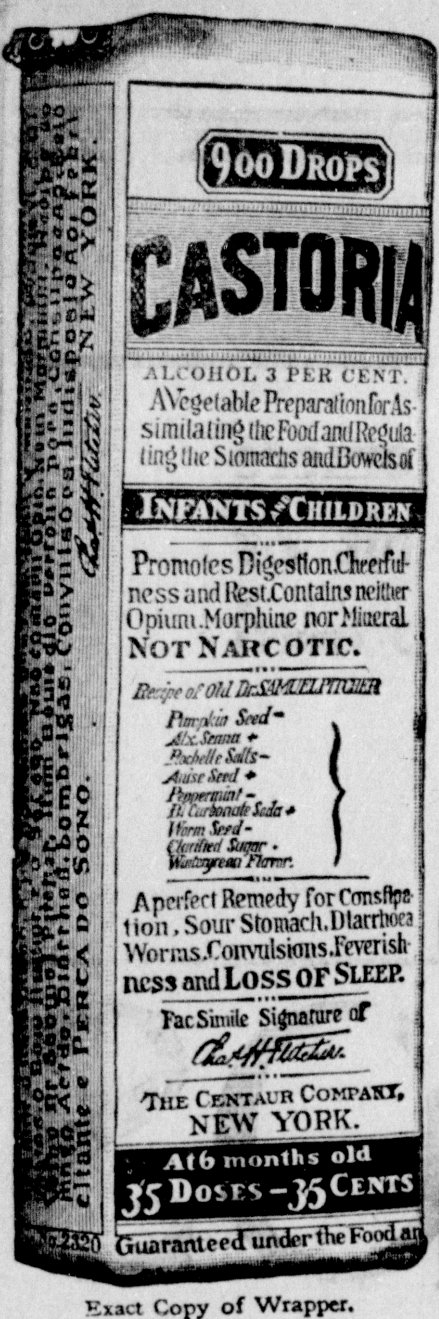

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package. Five cents.

EXHIBITS VERY FINE AT INSTITUTE AND POULTRY SHOW

Display at Armory Hall Well Worth of Attention—Competition for Prizes Will Be Keen.

The exhibits this year at the farmers' institute and poultry show now displayed in Armory hall are varied and generally very creditable to the county. The persons in charge are kept busy making entries and the quality of the exhibits is such as to make one proud of the county and the people who live in it. Armory hall is admirably adapted to the purpose and the spaces available are being rapidly taken.

In the domestic science department there is a fine list and a hungry man would soon be satisfied if turned loose among the good things shown. Of course bread is there both white and brown and then golden butter to eat on it is shown in tempting rolls. Then if that isn't enough to appease the appetite there are preserves, jellies of apples and grapes, while many kinds of nice cakes, angel, white, layer, devil's, fruit and other kinds are prominent. Canned articles consist of pears, beans, peaches, pineapple, strawberries, cherries, tomatoes, corn and other desirable articles. Then pickles and many other good things for the table complete the list.

Dresses made by skillful hands are shown and other evidences of good housewifery. Then there are apples, eggs, potatoes, many kinds of corn, both white and yellow popcorn, wheat, clover seed, alfalfa, corn grown by Morgan county boys; same by Morgan county girls, and other things in keeping with the exhibition.

There are some creditable specimens of penmanship, by boy over seven, by a boy of seven and by a boy of six years of age. Many other articles contribute to make a fine exhibition.

Of fowls there is an unusually fine display. There are eight pigeons, among them two exquisite fan tails, belonging to Wesley James. There are five turkeys, seven Pekin ducks, two roan ducks, twelve fawn and white Indian Runners, ten white Indian Runners, six white Muscovies. There are in all 478 chickens and among them the Rhode Island Reds rather predominate though the barred Plymouth Rocks are much in evidence. Then there are the Buff Orpingtons, the White Wyandottes and White Leghorns, and other well known standard varieties. Passing along by a coop the writer saw Mrs. J. W. Cleary near and asked the value of a Rhode Island Red hen in one of the coops and was informed that it would require twenty dollars to induce the owner to part with it. Francis M. Doan, son of Parker Doan, has a coop of a new breed, the Campine, which are a curiosity here and have valuable points. He bought them in New Jersey and expects to raise more of them.

Rev. I. N. Engel of Latham, fancier of White Leghorns and will judge them here. He has a splendid cockerel, second prize winner at the Peoria show and he has donated the bird to Nichols park. Mr. Kelley of Nichols park has a lot of fine white Leghorn cockerels on exhibition also.

TO ERECT MEMORIAL

Marietta, Ga., Dec. 10.—At a meeting held here today at the residence of J. G. Morris, commander of the Marietta Camp of Confederate Veterans, a movement was started for the erection of a suitable memorial to Mary Phagan, the 14-year-old factory girl, who was murdered last Memorial day, in the basement of the National pencil factory, Atlanta, while defending herself against a brutal assault. A committee was named which will collect funds and select plans for the monument which is to be erected in Atlanta. Leo M. Frank, the superintendent of the factory, who was found guilty of the murder of the girl and sentenced to death, is now awaiting the decision of the court upon his appeal against the conviction in the lower court.

TO DISCUSS MEAT PROBLEM.

Des Moines, Iowa, Dec. 10.—The hearing of the meat problem upon the high cost of living is one of the important subjects to be discussed at the annual meeting of the Corn Belt Meat Producers' association, which opened here today for a session extending over several days. At the opening session today President A. Sykes delivered his annual address and other noted speakers followed with addresses on various subjects on interest to meat producers.

SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapiesin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—what portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into asthurn lumps; head dizzy and aches; belch gases and acids; and urinate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quick, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, indigestion stomach; it's so unnecessary.

EDUCATIONAL NOTES

Twelve American universities have endowment funds of over \$5,000,000.

Kanai, Hawaiian Islands, has 27 open air schoolrooms in regular use.

Three Chinamen are among those studying forestry at the New York State College of Forestry, Syracuse, N. Y.

How to bind dilapidated textbooks so that they look almost as good as new is taught in manual training classes at Hampton Institute, Hampton, Va.

A "social service bulletin" is published by the Washington, D. C. public library, for the purpose of making known to social workers the latest information in their field.

There were 5 schools and 150 pupils in the Brooklyn kindergartens organized by Supt. Wm. H. Maxwell 15 years ago; now there are 40,000 children in the kindergartens of Greater New York.

The division of education of Harvard University and the city of Newton, Mass., maintain a joint fellowship for research in education. The holder of the fellowship is a member of the faculty both at Newton and at Harvard. He conducts investigations and experiments in the Newton schools with the active cooperation of the Newton teachers and the results are published by the university.

The Board of Education of New York city has just secured an appropriation of \$79,000 with which to operate during the coming year after school play centers in 163 of its school buildings. Each of these play centers will accommodate from 150 to 350 school children. The school yard and the school gymnasium will be used for this purpose, and will remain open from 3:30 to 5:30 p. m. The expense consists of \$2.50 for the director of the center and \$1.00 per session for extra janitor service, making a total of \$3.50 for an afternoon center accommodating approximately 300 children, or about 11-6 cents per child.

A CLEAR COMPLEXION

RUDDY CHEEKS—SPARKLING EYES—MOST WOMEN CAN HAVE.

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

THIS IS CERTAIN

The Proof That Jacksonville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

John Minter, 423 South East St., Jacksonville, Ill., says: "I gladly recommend Doan's Kidney Pills, as I know them to be worthy of praise. I have been telling of my experience with this remedy for many years. I took Doan's Kidney Pills for pain in my back and other symptoms of kidney trouble and found them effective. I always advise the use of this remedy, when I have an opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

STATE TO SET EXPRESS RATES.

Chicago, Dec. 10.—A conference of state railroad and warehouse commissioners, representatives of the leading express companies and prominent shippers from many parts of the country met in this city today to discuss the subject of intrastate express rates. The conference was arranged by the National Association of Railway Commissioners at its meeting in Washington a short time ago. The conference will endeavor to arrive at a coherent method of regulating intrastate express rates along the lines which the interstate commerce commission regulates interstate railroad rates.

KEYSTONE STATE HOTEL MEN.

Wilkesbarre, Pa., Dec. 10.—Wilkesbarre is playing hostess today to a large number of the leading hotel men of Pennsylvania, the occasion being the annual convention of their state association. The delegates took a trip to Scranton this morning, returning to Wilkesbarre in time to hold the opening session of their convention this afternoon. The gathering will continue in session several days.

Why We Offer Reduced Lighting Rates

The Jacksonville Railway and Light Company has offered to do the street lighting of Jacksonville for \$12,000 a year. If this offer is accepted the company further offers to reduce residence lighting rates from 13½ cents per kilowatt hour to 10 cents per kilowatt hour, and to reduce store and commercial lighting from 10 cents to 8 cents for the first two hours daily use and 3.6 cents for all additional.

The reason why we make these reductions, which appear to be greater than the sum we receive for street lighting, is that the street lighting, added to our other business, improves our operating conditions so that we can run the plant with much greater economy than at present.

In other words, there are many times during the day when much of our machinery is idle. In fact, it is only used to full capacity (except for reserve emergency equipment) during an hour or two a day in the winter, from about half past four to six in the afternoon. The rest of the time much of it is idle, waiting for the customers to use it. During this hour and a half the demand for electricity is greatest. There is a demand for power at the mills and factories; there is a demand for power for running the cars, and in addition the stores and houses begin to light up. Since electricity cannot be stored, we have to have machinery in our plant to meet all these demands simultaneously, besides having some in reserve for emergencies.

But at six o'clock the factories and mills stop using power. The machines which have created that power during the day become idle unless the company can find something else for them to do. We have found that something in the street lighting of Jacksonville. We can take on this business with little or no new machinery in the power house, so it improves our operating conditions materially.

The saving which we make on this improved condition we are willing to pass on to the public. Even though we may not make a cent on the first year's operation with the street lighting contract, we feel that the reduction in house and store rates will bring us enough business to show a good profit in a year or so.

But meanwhile if we are awarded the street lighting contract, the people of Jacksonville will be getting the benefit of a reduction of over 30 per cent in lighting rates, something which is not possible under the proposed bond issue, which is for a plant to do street lighting and pumping only.

ARCHBISHOP MESSMER'S ANNIVERSARY.

Milwaukee, Wis., Dec. 10.—Today was recalled as the tenth anniversary of the appointment of Archbishop Sebastian Gebhard Messmer as the head of the archdiocese of Milwaukee. Although there was no official celebration of the anniversary, the archbishop was the recipient of congratulations from many of his intimate friends.

Archbishop Messmer was born in Goidach, Switzerland, Aug. 29, 1847, and received his education in Switzerland, at the University of Innsbruck, Austria, and at the Apollinare university, Rome. He was ordained priest, July 23, 1871, and came to the United States as professor of the-

ology at Seton Hall college, South Orange, N. J. In 1890 he became professor at the Catholic university in Washington, D. C., and two years later he was consecrated bishop of Green Bay, Wis. He was appointed archbishop of Milwaukee on Dec. 10, 1903.

HONOR CHANDLER'S MEMORY.

Detroit, Mich., Dec. 10.—The regard in which Michigan holds the memory of "Zach" Chandler was given expression throughout the state today by school and other exercises commemorating the 100th anniversary of the great statesman's birth. Mr. Chandler was born in Bedford, N. H., Dec. 10, 1813. In early manhood he came to Detroit and in this city amassed a fortune in the dry goods business. In 1854 he helped to organize the Republican party and three years later was elected to the United States senate, where he served a total of eighteen years, he was conspicuously identified with the anti-slavery cause. He was secretary of the interior for a part of the second term of President Grant, and went back to the senate in 1879. But only a few months after his return to the senate Mr. Chandler died suddenly in Chicago, where he had gone to deliver a political speech.

REMEMBER THE HORSES.
Remember the horses as the cold
weather approaches and the suffer-
ing which may be saved by taking
thought and warming the bits, sug-
gests a veterinarian of experience
who has many opportunities to ob-
serve the disastrous effects of care-
lessness in this regard. An ice cold
bit burns the membrane and causes
serious soreness of the mouth. A
bit kept in the house or dipped in
water before using will not burn in
this way and will mean better work
and a happy horse.

California Woman Seriously Alarmed
"A short time ago I contracted a
severe cold which settled on my
lungs and caused me a great deal of
anxiety. I would have had enough
trouble with my lungs were so
sore and inflamed I began to be se-
riously alarmed. A friend recom-
mended Chamberlain's Cough Re-
medy, saying she had used it for
years. I bought a bottle and it re-
lieved my cough the first night, and
in a week I was rid of the cold and
soreness of my lungs," writes Miss
Marie Gerber, Sawtelle, Cal. For

WORLD'S LATEST FINANCIAL AND MARKET NEWS

GENERAL MOVEMENT OF STOCK MARKET IS FOUND NARROW

Foreign Selling Influences Mar-
ket for a Time—Another Fac-
tor Is the Continued Firm-
ness of Money.

NEW YORK, Dec. 10.—There was
a few weak spots in today's stock
market but the general movement
was narrow. The improved tone in-
duced shorts to take the profits
shown in stocks which had declined
sharply and covering operations
caused a number of sharp upticks.
At the opening the whole list eased
off. New Haven equalled its low
record of 7 1/2 and New York Cen-
tral touched 9 1/2, the bottom price
for five years. Canadian Pacific
broke five points. These declines
were soon halted however. Rock Is-
land issues and western Maryland
were heavy. The improving tenden-
cy of the market in the latter part
of the day was ascribed in part to
the unexpectedly good showing made
in the United States Steel monthly
statement of unfilled tonnage. The
shrinkage of 117,000 tons was much
smaller than looked for.

Foreign selling influenced the mar-
ket for a time. London disposed of
about 12,000 shares here. Another
factor was the continued firmness of
money. Call loans were renewed at
5 1/2 per cent as against five yesterday
and time rates were higher.

KANSAS CITY MARKETS.
Kansas City Stock Yards, Dec. 10.
Cattle receipts here last week were
11,000 less than in the correspond-
ing week a year ago, a reduction suf-
ficient to overcome adverse weather
conditions in the ma trade, as well
as the handicap of the sales of beef
cattle at the international and prices
were higher all around. There was
a fair inquiry from country buyers,
which, in conjunction with a keener
demand from killers for middle cut
cattle, which caused them to invade
the stocker and feeder division to
some extent, advanced prices 15 to
25 cents. Shipments to country
points footed up 11,000 head for the
week out of 34,000 head received. Up
to this time mild weather has been
an encouraging factor, and Indians
and others versed in weather signs
say they promise a mild winter as a
whole. On the other hand, colder
weather would make a better beef
trade and thereby improve selling
prices of cattle. The drop in toms
cattle, since Saturday helped the
market on killing cattle today. Total
supply today is 15,000 head, mar-
ket steady to strong. The sale of
some steers weighing 1867 pounds
here today at \$9.00, highest price in
more than a month for heavy steers,
is encouraging to feeders. An Illi-
nois order today called for some
1000 to 1050 pound feeders, which
were secured around \$7.25. Good
600 pound stock steers sold at \$6.65
today; fancy yearlings \$7.00. Veal
calves are a dollar higher than a
week ago; stock calves about a quar-
ter higher, at \$7.25 to \$7.75 for
best.

HUSBAND'S HAIR

If It Is Thinning Out or Full of Dandruff, Use Parisian Sage.

Most men are careless regarding the care of the hair—until it comes out by the combful do they really take notice. Then it may be too late.

If your husband's hair is getting thin; if he has dandruff or the scalp itches and burns—take immediate action—do not let him become a baldhead.

Get from Coover & Shreve a 50-cent bottle of Parisian Sage. Rub it well into the scalp every night. The first application will remove dandruff. When the hair stops falling and the new growth appears use every other night until the hair is thick and abundant.

Parisian Sage is a delightful and invigorating hair tonic for men, women and children. It is a scientific preparation based on a thorough knowledge of what is needed by the hair and scalp to keep them perfectly healthy and remove dandruff, stop itch and falling hair. Surely try Parisian Sage.

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If Tongue is Coated, Cleanse little bowels with "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea.

Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here.

Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

CHARLES A. ROWE POINTS TO MISTAKES OF FARMERS

Gave Institute Audience Wednesday Some Reflections on the Season of 1913—More Careful Methods Would Have Enabled Crops to Stand Drouth Better.

At the opening session of the Morgan County Farmers Institute Wednesday Charles A. Rowe made a very interesting address. He reviewed the season of 1913 which is acknowledged to have been one of the most difficult and trying in the agricultural history of this county. Mr. Rowe pointed out some of the mistakes which have in his opinion been made during the year, mistakes which are comparatively easy of correction.

He was introduced by Chairman Scott as one of the most successful farmers and stock raisers of Morgan county and with all a man so well versed in agricultural affairs that he is known in many parts of the state. Mr. Rowe talked in a somewhat informal way and said that his theme would be "Some reflection on the Season of 1913." Some thoughts that he presented are mentioned hereafter:

A Peculiar Season.

"The crop season of 1913 has been peculiar in more ways than one and many are the men who have said if they had only known the kind of season it was to be that they would have prepared for it. The fact is that the kind of preparation which is desirable and good for any season would have been beneficial especially this year. I want this afternoon to mention briefly what seems to me to have been some of the most common mistakes of farmers in this locality. First of all the season was wet to begin with and it rained so frequently that many farmers thought that they would not be able to get their crops in and so they worked the ground while it was still too wet. It stopped raining April 8, and so many fields of corn were planted while the ground was cloddy and a poor stand resulted. This would be a mistake at any time. Another mistake was that many farmers ploughed their ground without stopping for crop working that is without discing and harrowing. This topping work is good for every year and certified the ground against drought preventing evaporation as it does.

Working Down the Land

"A third mistake in which many farmers fell especially this year was in not working down the ploughed land as fast as possible. In my opinion ploughed land should be harrowed down the same day without exception. The dry season too resulted in a less cultivation of corn than is commonly true and the lack of cultivation encouraged the growth of weeds at the very time when the ground had no moisture to spare for weeds. Many farmers this year following their custom paid no attention to the cultivation of corn after the time had past when they could drive through it with two horse cultivators. Every year I continue the cultivation of corn beyond this time using a one horse, five shovel plow. Going through the corn twice in this way has proven very effective and especially was the corn benefited by this additional cultivation this dry year. Another trouble with the corn this year was that it was in many instances planted too thick. I believe in planting an average of 9,000 kernels to the acre. This number contemplates having the planter set to plant two or three grains to the hill. Even so occasionally four grains will get into a hill but this does not often happen.

Advantages of Fall Ploughing

Had more fall ploughing been done in 1912 conditions would have been better for this season's crop. In the first place fall ploughing puts a farmer ahead with his work and if he gets a rainy season in the spring he does not have the delays that would otherwise be the certain result. Fall ploughing too is the best way for disturbing the insects and of killing many of them. The stirring of the ground disturbs them just as they are getting ready to go into winter quarters. If land ploughed in the fall is disc'd a number of times in the spring the farmer has used one of the best methods at hand for counteracting corn root aphids. This means that the farmer has a good chance of preventing any attacks by insects on the roots of his corn. Soil fertility is of course at the bottom of the whole problem and a year such as this more than ever emphasizes the need of a fertile soil condition. The corn plant lives in a soil solution and if this solution is rich and strong a less amount is required than if some of the elements are lacking.

The Soil Solution.

"One pint of this soil solution is equal to one quart of the solution in other soils and it can readily be understood that when moisture is lacking that the plant which is drawing its nutriment from the strongest solution, that is from the most fertile soil is in the best condition. There are ten elements which enter into the life and development of the corn plant and when any one of these is lacking in the right proportion the development with it is retarded and interfered with. We will have reached the proper status in farming when we so handle our methods and our crops that the soil will be prepared for all kinds of weather conditions. Soil preparation for a season must be months ahead of that particular season."

AMERICAN GIRL WEDS

We Trust the Working People

Years of experience have taught us that the laboring people are just as honest as the wealthy. A credit extended to them is appreciated, and is generally repaid, so we invite you to call on us for the MONEY you need. We will be pleased to have the opportunity to talk the matter over with you whether you use our MONEY or not.

REMEMBER—We do not ask a lot of embarrassing questions or go nosing around among your relatives or friends to find out all about you.

We do nothing of the kind. We simply loan you the MONEY, and that's all there is to it. You may need a little MONEY to pay up all your little bills and have but one place to pay. If you do we will be glad to accommodate you. All we ask for security is a lien on your Furniture, Piano, Live Stock or other personal property, simply as an evidence of good faith on your part. You may return the MONEY to us in small WEEKLY or MONTHLY payments. We write Fire Insurance.

COLLEGE COACHES TO HOLD CONFERENCE IN PEORIA

Illinois Intercollegiate Athletic Association Assembly Friday — Clark Case to be Disposed of at Meeting.

Coach Harmon of Illinois college, expects to leave tonight for Peoria to attend the annual meeting of the Illinois Intercollegiate Athletic association. The sessions will be called at the Bradley Polytechnic institute at 10 o'clock Friday morning. At noon the members will adjourn to the Jefferson hotel where they will be guests at dinner of the president of Bradley, Dr. Burgess. The afternoon session will be held at the hotel and the evening session will be continued at Bradley.

Among the items of business to come before the representatives of the fifteen colleges in the association, of vital interest to Illinois college will be the protest made by Illinois against Clark of William and Vashit, who was ineligible to play according to the rules of the association. There is but little doubt that Illinois will be favored in their protest, from the fact that the director of athletics at William and Vashit has already confessed that Clark was ineligible and the records show that he was playing his fifth year of football. There are two ways of disposing of the championship game, either by awarding the game to Illinois, which would make Illinois the championship team of the association, or of throwing the game out entirely.

This is also the time when the various schedules for football, track meets will be talked over. The basketball tournament, and the place for holding it will be brought up. On account of so many schools being in the association there is talk of dividing the colleges into two divisions, which will strive for honors and then the winners of these divisions will meet in a final tournament. With so many teams in the conference it is hard to run off a two days' tournament and give all the teams an equal chance.

A GIFT WHICH WILL PLEASE.
If you have some relative or friend, a former resident of the county, you wish to remember with a holiday gift, which will be appreciated, fifty two weeks of the coming year send The Weekly Journal. The paper issued each Wednesday contains a summary of all the local news and the price is \$1.50. Your friends will find it a big newsy letter from "home." Order now and we will start the paper Christmas week and notify your friend or relative that you have sent the Jacksonville Journal Company.

BASKETBALL TOURNAMENT.
The basketball tournament at the Y. M. C. A. is growing in interest. In the contests last night, Hembrough's team won from Marshall's team in the first game 52 to 2. In the second game Swain's team won from Boxell's team, 27 to 6. The tournament will be concluded Wednesday, Jan. 28, and the volleyball tournament Friday, Jan. 30.

The standing in basketball at present follows:

Hembrough	Points 127
Swain	74
Boxell	61
Marshall	28

Submitting to the Inevitable

The different cloak manufacturers on Dec. 1, 2 and 3 held their Annual Clearance Sale. This year their concessions were a total and absolute surrender to the peculiarly unusual weather conditions.

It happened to have been our lot to start in the Cloak and Suit business just at its unfulfillment and to have followed it closely in all the different phases of its remarkable development.

Never in the last 20 years have the weather conditions been more unfavorable and never has there been more clean and desirable merchandise thrown on the market at such ruinous prices.

Our knowledge of the distribution facilities of this store led us to purchase largely with perfect confidence in the belief that these hundreds of cloaks would be sold in Jacksonville and vicinity.

A fact to be remembered, is that being sole agents for the PRINTZESS garments, we are the only ones empowered to show their goods at reduced prices. All cloaks are priced in six groups. Hundreds in all to select from with perfect confidence in the styles and guaranteed wearing qualities.

WEBB LAW DOES NOT APPLY TO LOCAL SITUATION

Such Is Opinion of William N. Hairgrove After Reading Measure Relating to Liquor Shipments.

Since the city council a week or two ago passed an ordinance prohibiting the shipping in of liquors there has been a good deal of local interest in the Webb bill which was passed by Congress last February. There has been some question as to whether or not this bill gives to states and cities the right to prohibit the shipment of liquors into the territory they comprise.

William N. Hairgrove yesterday received a copy of the law and it is his opinion that this particular piece of legislation has no special bearing on the local situation.

Text of Law.
"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That the shipment or transportation, in any manner or by any means whatsoever, of any spirituous, vinous, malted, fermented or other intoxicating liquor, or any kind, from one State, Territory or District of the United States, or place noncontiguous to but subject to the jurisdiction thereof, into any other State, Territory, or District of the United States or place noncontiguous to but subject to the jurisdiction thereof, or from any foreign country into any State, Territory or District of the United States, or place noncontiguous to but subject to the jurisdiction thereof, which said spirituous, vinous, malted, fermented, or other intoxicating liquor, is intended, by any person interested therein, to be received, possessed, sold or in any manner used, either in the original package or otherwise, in violation of any law of such State, Territory or District of the United States, or place noncontiguous to but subject to the jurisdiction thereof, is hereby prohibited."

GIVEN SURPRISE PARTY.
Mr. and Mrs. William Standish were given a very pleasant surprise party at their home on Richards street Wednesday evening by about fifteen members of the local Court of Honor. To say that Mr. and Mrs. Standish were surprised is putting it mildly, but this did not prevent a very delightful evening, which was spent with games and music. During the hours refreshments were served.

CARD OF THANKS.
We wish to express our heartfelt thanks to the many friends and neighbors who so kindly assisted us during the illness and after the death of J. W. Crum, also for the many beautiful flowers.

ERROR OF STATEMENT.

In the account of the board of education meeting held Monday night which appeared in the Journal Tuesday morning a mis-statement was made in mentioning that Miss Laura White had been at the head of the eighth grade since its inception. Miss White wishes the Journal to say that she has been in continuous service in the eighth grade since its inception, but that she has been at the head of the department only since it has been established in the new high school building. Miss Helen Calky, now assistant principal in the high school was the first principal of the eighth grade.

ERROR ON SCHOOL BUILDING CORNER STONE

Initials of Member Rogerson Incorrectly Given—Stenographer Made Error.

The fact that there has been an error made in the inscription on the cornerstone of the new Eighth Grade building has caused some annoyance to those most interested. The fact is that the initials of Member Rogerson of the Board of Education are incorrect, the name appearing on the stone as George H. Rogerson instead of George S. Rogerson. J. M. Vasconcellos who has the sub-contract for the stone work on the building is not responsible for the error, as the name appears upon the stone just as the specifications provide. The stone was engraved at Carthage, Mo., and in accordance with the portion of the specifications where the names of the board appear Mr. Rogerson's initials are correct except on page 17, where the list of names to be engraved on the stone is given. The error was made by a stenographer and it so happens that it was in the only place where any particular harm could be done. It is likely that the face of the stone will be cut and dressed again in order that the entire inscription may be wholly correct.

PATE SUIT AGAINST BURLINGTON SETTLED

Case Result of Accident at Arenzville—Details of Agreement Reached Not on Record.

The suit of Mrs. Alta Pate, as the administratrix of the estate of Charles Pate against the Burlington railroad was settled by agreement of parties Wednesday. The terms of the settlement were not made known the docket entries simply showing that an agreement had been reached. When court convened Wednesday morning the Burlington attorneys continued the examination of their witnesses and it was only after all the evidence had been placed before the court that the attorneys and their clients reached a compromise. Mrs. Pate was suing for \$5,000 damages on account of the death of Charles Pate, who was killed in the auto accident at Arenzville a few months since. The attorneys were Kirby, Wilson and Baldwin for the C. B. & Q.; P. P. Thompson and Bellatti, Barnes & Bellatti for the complainant.

In the case of Sedonia Wilday, as administratrix of the estate of C. A. Wilday, against the Burlington, a continuance was granted by agreement.

THE MADE IN JACKSONVILLE EXHIBIT.

Attendance and Interest Continue To Be Good.

The Made in Jacksonville exhibit was well attended yesterday and last evening. The special musical program was not exactly carried out as expected owing to the absence from the city of one of the singers but others did the work in an able manner. Miss Olive Smith of the force in the office of the Illinois Traction Co., played the piano in an accomplished manner and Albert Strausser sang several numbers well acceptably. A victrola supplied by J. Bart Johnson also added much to the pleasure of the occasion. A new banner at the head of the stairs attracts much attention. It says, "Boost the C. P. & St. L. Now employes over 200 men."
